PROJECT

QUIZ-APP
NOV 2022
- Designed and developed a dynamic quiz application using HTML, CSS, and JavaScript,
- delivering an interactive user experience with responsive design and smooth functionality.

DRAME ESCAPE (TEAM PROJECT)
JAN 2023
- Designed and built the "Dream Escape" web app from scratch, offering users an engaging and visually appealing interface to explore dreamlike scenarios.
- Successfully deployed the web app on Netlify, ensuring seamless accessibility and performance for a wide online audience.
